AFFAIRS OF THE DISTRICT

Proposition to Protect Trees in Street Parking.

leavy Wooden Boxes to Be Placed Around Those on Pennsylvania Avenue Southeast-Question About the Refund of Amount of Canceled Assessment-Other Local Matters

Thomas Lanham, the District Superinendent of Parking, has recommended to Captain Newcomer, assistant to the Engineer Commissioner, that heavy wooden poxes be placed around the trees in the parking on Pennsylvania Avenue southeast, between Eighth Street and the bridge over he Eastern Branch, to protect them from injury by horses, teams, etc.; that the poxes be set by the Parking Commission t the expense of the railroad company for labor and materials. Continuing, Mr. Lannam says:

"There are 144 trees which need protecion by wooden boxes. I recommend that he boxes made of undressed lumber, which are now being removed from trees which have outgrown them, and are seven feet high, be placed around the trees in queson at a cost of 75 cents a box, including the four stakes, total \$108; cost of trimning low limbs and placing boxes at 25 cents, total \$36. I also recommend that a strip twenty feet wide through the centre of the parking be cleared of the soil and piled on the District property just north of the Eastern Market, at an estimated cost of putting the strips of parking not ccupied with car tracks in good order and reseeding it, \$300, making the total cost

The parking is forty-three feet from

"The parking is forty-three feet from curb to curb, and the distance from outside of south tracks is sixteen feet. If the soil taken from the caure of the parking as suggested, and was not used before the time of reseeding the parking, it would have to be moved again, and it is quite probable that it would not all be used by that time.

"If the company would prefer to remove the soil and pile it where suggested that it be permitted to do so, but that it be done under the supervision of this office, and when the same is not too wet to handle and pile, and to prevent clay or gravel subsoil from being mixed with it.

"I recommend that all of the above be lone at the expense of the railroad com-

These recommendations of Mr. Lanham have been transmitted to the Commissioners with the approval of Captain Newcomer and the Engineer Commissioners

A few days ago Andrew B. Duvall, the Attorney for the District, submitted an opinion to the Commissioners concerning the application from C. T. Bride for the refund of amount of cancelled assessment against part of lot 1, square west of square 11, and for a deed based in the general taxes from which the property was sold. Mr. Duvall latter a consideration of the question states that in his opinion the application should be granted.

The opinion was approved by Commissioners Macfarland and Ross, but in passing upon it Captain Beach, the Engineer Commissioner, today had the following to say:

This opinion seems to be based upor

"This opinion seems to be based upon the assumption that an error was made including the special assument in the mount for which the lot was advertised and sold. The papers in the case do not sear out that assumption, and if the special assessment was not cancelled until fiter the sale it is believed that the sale was valid and that no part of the money paid for the certificate should be refund-

"I would recommend that the Attorney be requested to give further information in this point." The matter was again referred to the

Attorney.

"I called on Mr. Mullowny, the assistant to the District Attorney, in regard to the case of the United States vs. Wigans, charged with violating the smoke law, and requested him to pursue the same course in the case that he had done in about eighteen other cases, namely, to enter a nol. pros. He suggested that I first enter a nol. pro dress the Commissioners in regard to

constant smoke from the steam engines. I am sure that it is not intended that there should be any discrimination in this matter, and I respectfully ask, as the Wigans case was pending with the aight. Wigans case was pending with the eight-een cases that have been dismissed, that the same action be taken in regard to it." The Commissioners have taken the matter under consideration.

THE CASE DISCONTINUED.

Suit of C. Fred Cook Against the Columbia Life Association.

of which E. Richard Shipp is president, were today discontinued, on motion of Attorney Wilton J. Lambert, representing Mr. Cook. The board of directors of the done, the relief sought by the bill in equity was obtained. It is said that the association assumed the cost of the liti-

The action was instituted to prevent the threatened cancellation of a life in-surance policy issued by the association and held by Mr. Cook. President Shipp claimed that the premium payment for August had not been made within thirty days from August, and therefore, under the rules, the policy was suspended. The complainant, however, declared that repeatedly during August to make pay-ment, but was unsuccessful in his en-deavor to find anyone there who would from such list until the same shall be cept the money.

The Funeral of Sophie Holmes. The funeral of Sophie Holmes, the faithful old colored woman, who on account of her valuable services to the Government, was appointed to a position for life as charwoman in the Treasury, by the late General Spinner, took place at 2 o'clock this afternoon. The services were held in the Asbury M. E. Church, Eleventh and K Streets northwest. Among those in at-tendance were many Treasury Department employes who respected "Old Sophie" on account of her sterling qualities. The in-terment took place in Harmonia Cemetery, and the cortege of those who followed her

the stationhouses."

It is set forth that "the Commissioners

Columbia shall provide suitable accommodation within the Dis-trict of Columbia for the detention of wit nesses who are unable to furnish security for their appearance in criminal proceed-ings, and such accommodations shall be in premises other than those employed for the confinement of persons charged with violation of law; and it shall be the duty of the judges of the courts committing witnesses, to have regard to the rules and regulations of the Commissioners of the District with respect to their detention."

SUCCEEDS MR. SAUNDERS.

Prof. Galloway the New Superinten.

dent of Experimental Gardens. Secretary Wilson, of the Department of Galloway of Missouri Superintendent of the Experimental Gardens and Grounds and Director of Plant Industry to succeed the late William Saunders, who died September 11. The appointment carries an annual salary of \$2,500, and dates from October 1. Prof. Galloway, prior to this appointment, was chief of the division of vegetable physiology and pathology in the Agricultural Department

Albert F. Woods, of Nebraska, has been selected to succeed Prof. Galloway as pathologist, and Merton B. White, of Illinois, has been appointed as assistant pathologist in place of Mr. Woods. These apogist in place of Mr. Woods. These appointments date from October 1.
Chief Clerk Geddes, of the Agricultural Department, said this morning that, to enable him to keep within the appropriation made for his Department, he would be compelled to make a number of dis-charges in the near future. He said that politics do not enter into this measure; that it is liable to strike Republicans as well as Democrats. In connection with a mentally qualified candidate.

"No applicant shall be examined as the same of people usually at this time of the year isfactory physical examination before the done, the relief sought by the bill in lection of seeds. He hires his own labor "Applicants shall be examined by the Civil Service Commission once in three months, on such date and at such time as pendent of the Agricultural Department.

A CANDLE IN A PAPER BAG. How Some Wheelmen Are Comply. ing With the Law.

Lampless bicyclists, who make excur sions after dark, are adopting a primitive method of comply ag with the police regulation requiring wheelmen to display lights during those hours when sable night reigns. Necessity is beyond doubt the ma ternal parent of the device-a tallow candle in an inverted paper bag. Any num ber of wheelmen can be seen, after dark, on the thoroughfares of the city, speeding along, their wheels guided by one hand, while in the tight grasp of the other, is held this strange illuminated bouquet. The effect is weird and likewise humorous
